

**Contract: Wedgefield Plantation Spoil Site Preparation**

In keeping with the Legal Requirements and Permits of all affected Government Agencies, the Undersigned shall

1. Prep the spoil site for basin burning of all vegetation by securing from fire: the dock, the spillway/overflow gate and restriction boards, the overflow pipe and any other wooden fixture on site.
2. Plan to burn only on a W., WSW., SW., or S. breeze/wind to blow smoke away from homes in Wedgefield Plantation. We will strive for a relative humidity of or below 40% plus ideally a high tide to aid in fire control.
3. We shall give advice notice as able to allow WP residences to be forewarned of the burn. And Advise any applicable EMS or government Agencies of the burn.
4. We will perform the above stated activities for the sum of \$ 1,500 total payable by Wedgefield Plantation HOA upon completion of above actions and efforts.
