

Wedgefield Plantation WPA
July 15, 2025 Board Meeting
Communications Committee

**In June the Committee met to discuss changes to the Communications policy manual to include the Facebook page and electronic bulletin board. Those changes just need a final review before presenting them to compliance and legal committees. We also made final plans for the 7/4 celebration. There still may be some outstanding receipts that need to be reimbursed but to date, we came well within our budget by spending only \$2677.59. Thank you to all those who helped out to make the 7/4 celebration a success!

**Moving forward:

FFT - suspend until after Labor Day and then kick off with a bang

Chili Cookoff – possibly in October

WRAGG - Aug after all the candidates have been approved. So Board members we will need your reports. Water amenities, we'll try to include some of the pics from the Marina Work.

Then it will be time for Luminaries and decorating the Marina.

Respectfully submitted,

Cindy Fry
