

The Landscaping Committee met to discuss planting the perennials for the four flower beds. We have chosen a widerange of perennials to include: cast irons, mango twists, cone flowers, day lilies, lariope, Blue False Indigo, Crimson fire,and hydrangeas. We would also like to plant two Crepe Myrtles.

We went to get bids from True Blue and Oasis Nursery. We have not heard back from them yet. Island Greenery does notopen until the second week in October. I looked general pricing up online. I am requesting UP TO \$3500 for theseperennials out of our budget.

Our planting days are 10/17 and 10/18 due to all our schedules. The planting needs to be done prior to the first frost togive enough time for the plants to root.

However, it is my understanding that the irrigation system may not be working due to a recent thunderstorm. If the irrigation system is not working by these dates, we should postpone the plantings until the Spring.

Therefore, please make a motion to spend up to \$3500 for the perennials as long as the irrigation system is in properworking order by October 17, 2025.

Respectfully,

Jennifer Lawrimore
