

Five Year Planning Committee Report  
January 2026

The Five Year Planning, Co-Chaired by Blaine Beadle and Bryan Lawrimore, have accepted four members of the community to sit on the committee:

Inge Ebert  
Brenda Martin  
Nate Nadeau  
Maureen Vasey

We will meet over the next month to review the current assets, budget and capital projects, which we will use to begin modeling our next five years of finances.

We are also requesting from all Committee chairs with Capital expenses to please submit an updated 5 and 10 year project list. I will email Committee chairs with details of this request.

This committee will continue to work closely with the Finance committee to provide updated projections of our finances through out the year.

I move to accept Inge, Brenda, Nate, and Maureen as members of the committee.
