

Presidents Report - Feb. 17, 2026

Good evening, after just 3 months into this WPA Board position I can concur it has kept me busy, there is much more to the day to day operations that go on that many do not realize. Many times there are those that feel we as a Board and we as a community have made little progress, but behind the scenes there are many moving parts working together to move us forward. There has been both positive and negative feedback, but I will say this board has taken all concerns seriously and looked into each and every complaint and each and every suggestion.

Committee chairs and their committee meetings have been numerous, positive, and productive. I try to attend as many as I possibly can, sometimes 3 - 4 per week. The commitment I see from these committees looking to move Wedgefield forward are promising, hopefully in time most everyone will see results from these efforts. For sure, we'll never please everyone, but with all the good things coming from these committee chairs tonight in time we will attempt to forget the past and bury some of this negativity. This Board needs help from every committee to help us make it better for all. Please listen closely to the committee reports tonight, there is alot of hard work going into these and I applaud their efforts and look forward to letting them communicate their own agendas.

As you are all aware, we had Bill Condon resign from the Board during the past month. I have replaced his committee chairs with Cindy Fry as Compliance Chair and Liz Wainwright as Legal Chair and look forward to working with both of them in their new roles. Next week we the Board will select the replacement Board member to finish the year up to the next annual election. This process will be per our Bylaws - Article VII Board of Directors, Section 3 Election of Directors, b. Vacancy and Replacement.

Thank you!
