Attn: WPA board,
Roads Committee Report for February 2026

Continued business:

* Coastal Asphalt is still waiting on the availability of the manhole extension rings needed on Jericho Ct. and Haig Ct. I reached out to them on Tuesday 2/11/26 and was told they will get back to me on Friday 2/13/26.

* I had Coastal Asphalt send a new invoice for 80% payment (\$165,040.98) on the \$206,301.22 as we will hold back 20% until they are completed. The roads committee is recommending that the HOA pay this invoice promptly. See attached

* The committee members are working to repair potholes throughout as the weather permits at this point.

* I have received quotes for new asphalt paving work on Wraggs Ferry Rd and Wedgefield Rd from one vendor and I am awaiting quotes from another.

New business:

* Temporary speed bumps, the committee has found a vendor that we can purchase the Temp speed bumps from and the committee members will install (to be used until the road surface is repaved and permanent speed bumps installed with the new road paving). Cost (\$2,597.01) see below, should be purchased with the HOA debit card.

* It was brought to my attention that when the street signs were replaced a few years ago; the street sign at Daniel Morrall and Robert Conway was missed. Need to order new signs and install.
does anyone know where the signs were purchased in the past?
